

Dear Parent

We trust you and your family are healthy and safe at home!

In the wake of the pandemic COVID-19, social distancing is the most effective measure that needs to be taken to break the chain of continuity of growth and spread of the virus, and to ensure the safety of everyone. To encourage and implement this, Govt. had taken the decision of lockdown which has now been extended till 3 May 20. During this national lockdown period, all educational institutions and organizations will remain closed. We are indebted to the doctors, nurses, medical staff and police officials who are combating the threat out in the open and trying to keep us safe.

This period of lockdown and self-imposed quarantine at home does not mean that the school will discontinue educating the learners. The new session 2020-21 commenced on 3rd April 2020, after the Online result declaration in the last week of March 2020. The Mentors have been working hard to provide the necessary teaching / learning to the students through online classes. They have once again proven that when the need arises, they sail through

the rough waters with their hard work, determination, flexibility, team-spirit and creativity. The students have been attending Online Virtual classes, receiving assignments and worksheets through Google forms. The efforts of the staff have been appreciated by everyone. Our teachers are not leaving any stone unturned to teach in an effective manner and continue to remain connected to the students through school website, video calls and WhatsApp broadcast groups. Students are also involved through video recordings for assembly sessions. The tough times test the ability of a person and we, at Ahlcon, can proudly say that our staff has always excelled and continues to shine.

Due to the prevailing condition, CBSE has put the evaluation of class X on hold. Nonetheless the school has decided to commence class XI without a further adieu. To admit the students into class XI and utilize their time in fruitful manner at home, the school has already started the procedure. You are requested to use the link given below to fill out the admission form.

Kindly have a look on the Stream Options and the number of subjects (13) we offer in the school. Kindly find below the choice of stream and the

subject combinations thereon from the available choices for each stream.
