

XI admission (2020-21) Internal Candidates

Dear students, Greetings!!!

During these challenging times, we hope and believe that you all are well- safe.

We have faith in your capabilities and firmly believe that you must have done very well in your CBSE board examinations and must be anxiously waiting for an excellent result.

Stream and subject selection in class XI always poses lots of challenges. You must have been spending sleepless nights exploring various options and career opportunities there on . It is not easy!!

Keeping that in mind, we, as mentors, need to accept our learners as what they are and plan the roadmap for their destiny judiciously by guiding them to put their first step appropriately and provide them learning opportunities to move on the path of success.

Most of you have been allotted the stream and subjects you have opted for, fulfilling the Criterion laid down by the school. Some of you have missed it presently, as we felt differently on this!! Nevertheless we will wait for the CBSE board results to surface and then, we discuss it again for some possible changes.

The admission in class XI along with stream and subject allocation is purely provisional till we have your scores in the board exams!!

We know you will always acknowledge the line 'my school and my mentors always stand for my best'.

You can always connect to us through the e-mail-admin.srsecondary.aps@gmail.com. We would definitely respond!!

Stay Home, Stay Safe and Stay Blessed.

Regards,
