

AHLCON PUBLIC SCHOOL

BOOK DONATION DRIVE

'Sarvahitey' is an **NGO** which is working to impart education to the underprivileged children. The NGO has started an initiative called 'Project Paper Bridge' that aims at establishing 1000 libraries pan India by December, 2020. So far the NGO has established 84 libraries in different districts of the country.

We are conducting a 'Books Donation Drive' to encourage students to donate their old story books which are in good condition, in order to instil empathy as they become a part of something bigger than themselves. All these books will be used to start a new library in the state of Nagaland

Our acquaintance will be nothing short of the butterfly effect; and even the tiniest ripples can make a difference in the society.

We appeal to you to come forward so that we can extend our support in this endeavour in a small way.

(Boxes for donation are kept at School Reception ;

Sr. Biology lab & Primary wing - Library)
