# **HOLIDAY HOMEWORK**

**CLASS - V**

Dear Parents & Children,

Summer vacation is here—a time to relax, explore, and enjoy! You have worked hard throughout the year, and now it's time to take a well-deserved break.

However, learning never stops! To help you stay in touch with your studies and continue growing in fun and meaningful ways, we have prepared Holiday Homework that includes a mix of reading, creative work, skill-building activities, and revision exercises.

- Here are a few things to remember:
- Follow a daily routine that includes time for reading, playing, helping at home, and relaxing.
- Take care of your health—eat well, stay active, and spend time outdoors (safely).
- Be curious—observe the world around you, write a journal, try something new.
- Complete your holiday homework with interest and sincerity. It is designed to be engaging and fun.

We look forward to seeing you refreshed, happy, and ready to learn when school reopens on 1st July 2025.

## ACTIVITY TIME

### ROLL NO. 1 TO 40

#### CRAFT: DIY Starburst Light Decoration Using a Plastic Bottle

**Materials Needed:** 1 large plastic bottle (preferably clear or tinted), Scissors, Colorful star cutouts (in red, yellow, green, blue, orange, etc.)any shape can be used Glue or double-sided tape, Small LED tea light or fairy light, Fevicol.

#### Instructions:

1. Prepare the Plastic Bottle: Clean and dry the bottle. Cut off the bottom part and discard it. Use the top and middle portion for the decoration.
2. Make the Starburst Shape: From the cut edge, make long vertical slits up toward the neck of the bottle to form strips. Space them evenly around the bottle. Gently bend or curl these strips outward and backward to create a radial burst effect.
3. Add Star Decorations: Use pre-cut foam or paper stars in multiple colors(.Punch). Glue the stars randomly across the bent strips to create a vibrant, colorful pattern. You can double up on stars to cover both sides for a 3D effect Or any other shape can be used .
4. Add the Light Source: Place a battery-operated LED tea light or small fairy light in the neck/base of the bottle from the inside.(Optional). Secure it with glue if needed to keep it in place
5. Final Touches: Test the light and turn off the room lights to enjoy
